# Magswitch Sheet Handler

## P/N: 8100361

Magswitch offers two tools for large sheet handling, the Sheet Handler and the Mag Dolly. The Sheet Handler enables you to pivot and lift a sheet up and onto a wheel so it can be dragged or moved. This is a perfect tool if you need to lift and slide one sheet over another. The Mag Dolly (#8100433) has large solid rubber wheels and can move larger sheets. The Mag Dolly is more suited to lift and carry sheet, pipe or any steel object over a greater distance.
